

K-LOVE is a radio station of excellence.  
We need more radio stations of this caliber.  
The station is a great role model to our children and families.  
If it is removed or blocked from the air, it will negatively impact our community.  
K-LOVE is a great alternative for families because so much that is available on the  
radio is rude, negative and a bad influence.  
Please keep this station on the air!
